WELCOME

Hello, maker!

Welcome to the Everyday Ribbed Beanie: the hat you will make again and again. It is worked flat in simple rows of half double crochet in the back loops, which makes a stretchy rib that hugs the head.

There are six sizes, from baby to adult large. Pick the size from the chart, check your gauge, and you will have a hat in an evening or two.

With love, YaraDream

Safety. For babies and toddlers, sew the pom-pom on very securely, or leave it off.

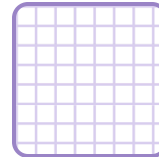

BEFORE YOU START

Materials & tools

A soft worsted yarn with a little wool or a soft acrylic. Choose one colour, or use stripes.

● Gauge

13 hdc and 10 rows = 10 cm (4 in) in hdc worked in back loops only. Gauge matters for the fit: make a swatch of 17 sts and 12 rows. It should measure 13 cm wide and 12 cm tall. Too big? Use a smaller hook. Too small? Use a bigger one.

● Yarn

Main colour

Worsted (weight 4).

A

By size: 66 m / 78 m / 88 m / 115 m / 134 m / 147 m **66 m to 147 m**

Amounts come from the stitch totals of this pattern, plus about 25% for tails and tension.

● Tools & notions

- ☐ 5.5 mm (US I-9) crochet hook, or the size that gives the gauge
- ☐ Tapestry needle
- ☐ Stitch marker
- ☐ Scissors
- ☐ Optional: a faux-fur pom-pom with a snap or a tie

● Good to know

- One 100 g ball of worsted (about 180 to 200 m) is enough for any size.
- The finished hat is smaller than the head (negative ease): the rib stretches to fit snugly.
- Wool or wool blends hold the rib best. Very slippery yarns make a looser hat.

STITCH GUIDE

Stitches & abbreviations

This copy uses US crochet terms. The UK name of each stitch is shown beside it.

US	UK	WHAT IT MEANS
[] n times	[] n times	repeat the stitches inside the brackets n times
ch	ch	chain
hdc	htr	half double crochet
Rnd	Rnd	round
st(s)	st(s)	stitch(es)

● **Working in rows**

Flat pieces are worked back and forth.

1. At the end of each row, chain 1 and turn the work. The chain does not count as a stitch.
2. Work the first stitch of the new row into the last stitch of the row before.
3. Count the stitches at the end of every row.

● **Back loop only (BLO)**

Working in the back loops makes the ribs.

1. Each stitch has two loops on top. The back loop is the one farther from you.
2. Insert the hook under the back loop only and work the hdc as usual.

● Slip stitch seam

Joins the first and last rows into a tube.

1. Fold the piece so the foundation chain meets the last row, right sides together.
2. Insert the hook through one loop of the chain and the back loop of the stitch opposite.
3. Slip stitch. Repeat along the whole edge, one to one.

Pattern notes

● Before you start

- Sizes are written as baby (toddler, child, tween / teen, adult S/M, adult L). Where there is one number, it is for all sizes.
- Circle your size in every line before you start.
- The ch 2 at the start of each row does not count as a stitch. Every row has the same number of stitches.

SIZING

Size chart

Measure around the head, above the ears and across the forehead. Choose the size whose head range includes that measurement.

SIZE	FITS HEAD	HAT CIRCUMFERENCE	HEIGHT	CHAIN	CLOSE FIT: HEIGHT, CHAIN	ROWS
Baby	36-41 cm / 14.2-16.1 in	36 cm / 14.2 in	19 cm / 7.5 in	27	17 cm / 6.7 in, ch 24	36
Toddler	41-46 cm / 16.1-18.1 in	41 cm / 16.1 in	20 cm / 7.9 in	28	19 cm / 7.5 in, ch 27	41
Child	46-51 cm / 18.1-20.1 in	43 cm / 16.9 in	21.5 cm / 8.5 in	30	20 cm / 7.9 in, ch 28	43
Tween / Teen	51-56 cm / 20.1-22.0 in	48 cm / 18.9 in	25 cm / 9.8 in	35	21.5 cm / 8.5 in, ch 30	48
Adult S/M	53-58 cm / 20.9-22.8 in	51 cm / 20.1 in	28 cm / 11.0 in	38	22 cm / 8.7 in, ch 31	51
Adult L	56-61 cm / 22.0-24.0 in	53 cm / 20.9 in	29 cm / 11.4 in	40	23.5 cm / 9.3 in, ch 33	53

Two fits. The main height gives a soft, slightly slouchy beanie. For a close fit that sits snug on the head, start with the close-fit chain instead; everything else stays the same.

Between sizes? Choose the smaller size for a snug hat, the bigger one for a slouchy hat.

Folded brim? Add 4 cm / 1.5 in of height: 5 more stitches in the foundation chain.

LET'S MAKE IT

The pattern

One piece. Make a gauge swatch first: it decides the fit.

Worked flat in rows from the side: the rows run from the brim to the crown and make the ribs.

ROW	INSTRUCTIONS
☐ Start	Ch 27 (28, 30, 35, 38, 40).
☐ Row 1	Hdc in the 3rd ch from the hook and in each ch across. The skipped chains do not count: 25 (26, 28, 33, 36, 38) hdc.
☐ Row 2	Ch 2 (does not count as a st), turn. Working in back loops only: hdc in each st across.
<p>Tip. The last stitch of each row is easy to miss. Count the stitches on the first few rows.</p>	
☐ Rows 3 on	Repeat Row 2 until you have 36 (41, 43, 48, 51, 53) rows in total. <i>Do not fasten off. Go on to "Finishing your beanie".</i>

PUTTING IT TOGETHER

Finishing your beanie

● Placement guide

- The seam goes at the back of the head.
- The gathered edge is the crown. The other edge is the brim.

☐

1

Seam. Fold the piece so the foundation chain meets the last row, and slip stitch them together (see "Slip stitch seam"). Fasten off, leaving a 50 cm tail.

- **2** **Gather the crown.** Turn the tube right side out. Thread the tail on a needle and run it in and out of the row ends along one edge, about every row. Pull tight to close the crown, go through the gathers twice more, and knot inside.

- **3** **Add a pompom (optional).** Sew or tie it to the crown.

● **Finishing & care**

- Weave in all ends on the inside.
- Wash as the yarn label says and dry flat. Do not hang it.

HELP IS HERE

Troubleshooting

The questions makers ask most, answered before you need to ask.

The hat is too big.

Check your gauge: if your swatch is wider than 13 cm, use a smaller hook. Or make fewer rows.

The hat is too short.

Add stitches to the foundation chain: about 1 stitch for each 0.8 cm of height.

The rows get shorter or longer.

The first and last stitches are easy to miss or add. Count every few rows.

There is a hole at the crown.

Run the tail through the row ends again and pull tighter, then knot.

The ribs do not stand out.

Make sure you are in the back loop only on every row after Row 1.

The seam shows.

Turn the hat the other way out: the seam may look better on that side.
